WORK EXPERIENCE

○ Front end developer (Freelancer)

02/2023 - 06/2023

DeveloperConnect

- I collaborated with designers and back-end developers to implement seamless user experiences.
- Work with technologies such as HTML, CSS, JavaScript and framework line React JS to create engaging and interactive user interfaces.
- My role involved staying updated with the latest front-end technologies and user-friendly interfaces that enhanced the overall user experience.

PROJECTS

○ Learn Hub: [\[Link\]](#)

HTML, CSS, Java script

- In the Learn Hub project, I developed a multipage website for online exam preparation, including subjects like JEE, Gate, and computer courses. Faced challenges in designing interactive interfaces and managing database integration for user progress tracking.

○ AI Know: [\[Link\]](#)

HTML, CSS, Java script, JQuery, node js, API

- In my AI Know-It Chatbot project, I developed an intelligent chatbot using HTML, CSS, JavaScript for front-end, and Express.js with Node.js for back-end. I integrated OpenAI API for natural conversation flow, enhancing user engagement and handling complex user queries efficiently.

○ Shop Hub: [\[Link\]](#)

HTML, CSS, Java script, Bootstrap

- In the Shop Hub project, I developed an intuitive e-commerce website, overcoming challenges in implementing secure payment gateways and optimizing user experience for seamless online shopping.

EDUCATION

- **BCA** from Chandigarh Group of Colleges, Jhanjeri with an aggregate of **7.72CGPA**.
- **12th** from Government Higher Secondary School, Manali HP Board in year 2019.
- **10th** from Anila Mahajan S V M, Manali in year 2017.

COURSES & TRAININGS

- Full-Stack Web Developer Bootcamp
[Udemy.com](https://www.udemy.com/)
- React JS
[Udemy.com](https://www.udemy.com/)
- Mastering Data structures & Algorithms using C and C++
[Udemy.com](https://www.udemy.com/)
